TORONTO'S FIRST SUBWAY

Toronto's Yonge Subway will be celebrating its 70th anniversary in 2024, and we're joining in the fun by announcing the first ever model of a Toronto subway train! A must for modellers, transit enthusiasts, tourists, history buffs, and everyone who thinks subways are cool — don't miss out on this limited opportunity to own a little bit of classic Toronto in your home!

You can order your subway as a working model or as an unpowered display two-car set that comes with a slice of the original St. Clair station platform. How cool is that?

It all started in 1951, when the Toronto Transit Commission contracted the Gloucester Railway Carriage and Wagon Company in the UK to build the cars for Canada's first subway. The original line ran under Yonge Street from Union Station in the south to Eglinton Avenue in the north, opening on March 30th, 1954. This line is still in service today as the southern half of TTC's Line 1.

These unique rapid transit cars featured bold red paint with yellow stripes both above and below the large picture windows.

AVAILABLE AS:

- Gorgeous display model of a two-car train in St. Clair Station, OR
- Four-car, operating model (silent or equipped with SOUND), AND
- Two-car, operating add-on model (silent or equipped with SOUND)

Our Toronto's First Subway project is a conditional announcement. Order by **APRIL 15, 2024, through your preferred hobby shop or our website to help make this project a reality! In addition, all orders placed by this date will include a **5% EARLY BIRD DISCOUNT!****
